We are here to support you

Are you Deaf, use BSL and have been told you don't have long to live?

We are here to support you through to the end of life.

What is the Richard Magill Fund?

We are a small charity covering Bristol, North Somerset, Bath and Northeast Somerset, South Gloucestershire and Wiltshire.

We offer Deaf befrienders who can visit you at home, in the hospital, hospice, anywhere you need us to be.

What can we do for you?

Our deaf volunteers can offer you emotional support, help you to understand what is happening and help you to share your views and decisions with your family, friends, medical people or carers. They have attended training and will listen to you, they have a DBS (police) check.

If you need an interpreter but the hospital, hospice or care home haven't booked one, let us know and we can support the hospital / hospice to find a trained interpreter.
